JIMS Seminar on

"NATIONAL EDUCATION POLICY 2020 -PARADIGM SHIFT TOWARDS COLLABORATIVE & INNOVATIVE LEARNING"

10 APRIL 2021, 10:00AM onwards

Organised by:
Jagannath International Management School
Kalkaji, New Delhi

Overview

The global education development agenda reflected in Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015 - seeks to "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all" by 2030. Such a goal will require the entire education system to be reconfigured to support and foster learning so that all of the critical targets and goals (SDGs) of the 2030 Agenda for Sustainable Development can be achieved.

National Education Policy 2020 envisions an education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower. The Policy envisages that the curriculum and pedagogy of our institutions must develop among the students a deep sense of respect towards the Fundamental Duties and Constitutional values, bonding with one's country, and conscious awareness of one's roles and responsibilities in a changing world. The vision of the Policy is to instil among the learners a deep-rooted pride in being Indian, not only in thought, but also in spirit, intellect, and deeds, as well as to develop knowledge, skills, values, and dispositions that support responsible commitment to human rights, sustainable development and living, and global well-being, thereby reflecting a truly global citizen.

In order to convert the education policy into an implementable framework for the higher education institution's a symposium is being organized in which the Eminent Academician and corporate executives would deliberate on the way forward in the implementation of the NEP-2020.

Objectives

The seminar aims to achieve the following key objectives:

- Explore to create a new system that is aligned with the aspirational goals of 21st-century education while building upon India's traditions and value systems.
- Explore opportunities for the development of a multidisciplinary education system in tandem with the NEP 2020.
- Develop insights into the operationalisation of various features of the NEP 2020 - promotion of research, faculty enhancement, internationalization, technology, online education, vocational, professional education etc.

Target Participants

The seminar is intended for academicians, research scholars, industry personnel, representatives of government & academic bodies and students who desire to acquire rich knowledge and gain a wider perspective of the intricacies of the National Education Policy 2020 through a thought-provoking session.
